

Mobile Prover

Description

The MONO Mobile Prover will give your bakery extra proving capacity that is mobile and versatile. The thermostatically controlled, twin heating element (total power 2.5kW) will plug straight into your existing power supply.

The cabinet is lightweight, insulated aluminium, protected by bump bars fitted rear and sides. Inside edges are silicone sealed for hygiene and the outer door surface and tray runners are stainless steel.

Features

- Very compact
- Humidity unit can be easily removed for cleaning
- Easy to manoeuvre

Machine Reference

Reference	Model
FG132	Mobile prover
