

HIGHLY EFFICIENT BREAD AND ROLL PRODUCTION

BIA
BAKING INDUSTRY AWARDS
2021
MONO EQUIPMENT ARE PROUD SPONSORS OF THE NEW BAKERY PRODUCT OF THE YEAR AWARD

MONO Equipment's Bread and Roll Plants provide the perfect solution for businesses wishing to consistently create high volumes of bread and rolls.

Both fully-automated, our Fusion Bread Plant and Gemini Two-Pocket Roll Plant need minimum effort to setup and run, so can reduce your labour costs without limiting the range or output of your bakery. Our Bread and Roll Plants expertly control the dividing and moulding processes enabling a wide range of bread and bread rolls to be effortlessly produced.

For more on bread and roll machines contact the team today.
